GREGNORMAN™

POWER OF THE BRAND

INSPIRED BY ONE OF THE WORLD'S LEADING GOLF PROFESSIONALS,
THE MAN THEY CALL "THE SHARK," THE GREG NORMAN COLLECTION
IS AN AUTHENTIC GOLF BRAND WITH A POWERFUL ICONIC LOGO.
GLOBALLY RECOGNIZED IN MORE THAN 50 COUNTRIES, THIS UPSCALE
ASSORTMENT IS AN EASY WAY TO ELEVATE YOUR BRAND.

CUSTOMIZE WITH YOUR LOGO

Expert digitizing and experienced embroidery professionals ensure your logo will look its best. For Embroidery (EMB), we steam out visible hoop marks, hand trim backings and remove loose threads. Printed Heat Transfers (HT), dimensional Die-Mold Transfers (DMT), and Laser Etching (LE) are also available on select styles. For final presentation, all decorated items are folded with Greg Norman logo tissue paper and individually polybagged.

PERFORMANCE BY DESIGN

A guide to our leading technologies

Greg Norman Collection encompasses state-of-the art fabric innovations including Play Dry® moisture wicking, ML75 luxury performance, the Foreward Series and X-light 50. Throughout the collection, you'll find signature Greg Norman branding, including the shark logo strategically placed on many garments.

PLAY DRY®

Play Dry® is a leading moisture management system. The technology wicks moisture away from the skin - transports it to the garment's outer layer - evaporating it into air. You stay cool, dry and comfortable. The technology behind Play Dry® isn't simple, but the benefits certainly are. Play Better, Play Dry®.

FEEL THE FUTURE

Featherlight X-Light 50 is a woven extreme performance fabric with four-way stretch and crisp, clean hand feel.

ML75

The most comfortable technical fabric in golf. Proprietary ML75 polos combine high-performance properties with luxury appeal. Its natural UPF and Play Dry® moisture wicking ensures comfort and coolness on the hottest of summer days.

FOREWARD SERIES

At the forefront of modern performance. Foreward Series is design engineered from fiber to finish. This collection mixes performance cutting-edge tech with a comfortable touch.

UPF

Offered in a variety of styles, UPF provides a performance element of protection against the sun.
